To Whom It May Concern:

May this letter of reference confirm that Mr. Vincenzo Graceffo (Canadian passport no: BC 222759) joined the M/Y Azure Leisure on several occasions, starting August 2001 until November 2005, in the position of Chief Mate. Mr Graceffo was employed as our relief member of crew

During the time that Vincent was with the vessel he has proven himself to be a highly conscientious and extremely competent crewperson. Vincent's attention to detail and commitment to the vessel, it's guests and fellow crewmembers has been exemplary. During Vincent's time aboard the vessel has cruised the Caribbean, the East coast of the United States, the Canadian Maritimes and the Great Lakes.

Vincent was offered the position of Captain of the vessel, but due to other commitments was unable to accept the offer. I have no hesitation in recommending Vincent to any future employer and wish him the best of luck. I am more than happy to give a telephone reference and if I may be of any further assistance to him in his future endeavors I will be only to glad to do so.

Yours Sincerely.
